

INTRODUCTION TO **STATA**

DATA ANALYSIS & STATISTICAL SOFTWARE

FREE, THREE-DAY, INTENSIVE WORKSHOP

Wednesday, February 14: 1:30 – 4:00 pm, Lander 111

Thursday, February 15: 1:30 – 4:00 pm, Lander 111

Friday, February 16: 12:00 – 3:00 pm, Lander 113

Pre-registration required: <http://goo.gl/forms/Kvvt7W7uiR>

(Please register by January 26, 2018. Enrollment capped at 30.)

The aim of the workshop taught by Dr. Sahai Burrowes of Public Health Program is to teach participants to feel comfortable using Stata Statistical Software for their coursework or research.

By the end of this workshop you will be:

- Skilled at importing, cleaning, managing & exporting data
- Able to write useful & intelligible Stata code
- Knowledgeable about commands for describing & analyzing data
- Aware of publicly available Stata training resources & datasets
- Aware of graphics tools & methods for displaying data & results

Priority given to:

- MPH students conducting data analysis for work study assignments or Capstone projects
- MPH community partners

**Participants must purchase or rent a copy of Stata and
are required to bring laptops to the workshop.**
